

STRUT LOCK ASSEMBLY

The Strut Lock Assembly is a fast, lockable solution for installing Strut in single and multi-tiered arrangements, for HVAC and cable management. It is ideal for the suspension of rectangular duct, chilled beams, cable tray, unit heaters, etc. The ability to pre-fit the assembly into the strut channel on the ground, allows for minimal time working at heights. A threaded release cylinder allows for time saving height adjustment.

- Works best in conjunction with Deep 1-5/8" x 1-5/8" and Shallow 13/16" x 1-5/8" strut
- Can be used with single or multi-tiered applications
- For vertical, static loads
- 4:1 Safety Factor
- Quick to install and adjust
- Kit includes strut lock, zinc-plated 5mm washer & zinc plated spring strut nut

Ordering Information

Item #	Code	Description	Packaged	Working Load*+
31032	RDSL2	Strut Lock Assembly for use with RWC2 Wire Rope	10 sets/ bag	10-75 lbs. (5-34 kg)
